

RETELL SEI Teacher Endorsement

Workshop Description: The *RETELL* (Rethinking Equity in the Teaching of English Language Learners) Program was designed to help teachers codify and address the performance gaps among our ELLs; the Teacher Endorsement course is one facet of RETELL. *Teachers who successfully complete this course will fulfill the requirements that all core academic teachers who have one or more ELLs in their classroom between SY2013 and SY2016 must earn the SEI endorsement.*

This course will focus on current effective practice and evidence-based research related to the teaching of ELLs in our schools. Effective teaching strategies will be modeled and participants will apply what they have seen and experienced in the course in their classroom teaching practice. Participants will also be able to evaluate their own practice and engage in supportive sharing with and feedback from colleagues. Teachers will enhance their teaching practice with new skills, knowledge and dispositions that focus on the successful learning of our ELLs. In one Capstone session, teachers will give a 10-15 minute presentation using skills and knowledge gained from the course.

About the Instructor: **Karen MacAulay** has 22 years of teaching experience, including 14 years teaching science in a Sheltered Immersion classroom at Watertown Middle School. She has also taught ESL in Japan, prepared international students for US college entrance exams, and offered professional development workshops on teaching science to ESL students.
