TEC's Protocol Regarding the School-Based Medicaid Expansion Program

TEC will require the following information from LEAs in order to support districts in the submission of service documentation that meet the reimbursable services requirement:

1. Name of student for whom the district is seeking Medicaid reimbursement.
2. A copy of the parental consent form that has been signed by the parent/guardian of the student for whom the LEA is seeking reimbursement.

TEC service providers determine which services meet the Medicaid medical **necessity** standards and will submit required service documentation accordingly.

TEC assures that only Medicaid qualified professionals who are providing services within the scope of their practice as a clinician will submit the service documentation.

TEC will utilize the mandated **Massachusetts School Based Medicaid Service Documentation for Day/Residential Special Education Schools (28M/12)** form posted on the DESE website. (<http://www.doe.mass.edu/sped/28mr/>)

Given that TEC has the required information from your LEA, service documentation will be scanned and emailed to districts monthly for the previous month's services.
